

Closing the Loop from NY to DC and Back Home in Signature Advocacy Achievement

NEW YORK, NY – May 23, 2012 – More than 50 New York City leaders addressed critical issues affecting the lupus community at the **Gaining Ground: The latest on lupus in New York** – a briefing hosted by the S.L.E. Lupus Foundation. Presentations outlined the challenges of identifying and treating lupus, recent research advances and critical steps for improving care by rolling out the new federal education and training program, the Lupus Initiative, within NYC’s public and private healthcare systems.
