

Lupus Registry

Written by Hollaine Hopkins
Monday, 16 April 2012 01:37 -

All Study Participants will be asked to:

- read & evaluate the Consent Form
- complete a questionnaire(s)
- complete a disclosure form
- donate a blood sample (approx. 70mL: about 5 tablespoons or 1/5 of a Red Cross donation unit)

SLE-Patient Participation also Involves

- a phone interview with a study recruiter regarding
- patient's lupus doctor(s)
- lupus-related hospitalizations
- various lupus symptoms
- drawing the family tree
- requesting of medical records by the study from the participant's doctors

Costs of Participation

If you participate in the study, the study will

- pay the blood drawing fee
- pay for shipping the sample
- nominally compensate you for your time & travel after you have completed study participation

Travel

- You DO NOT need to come to Oklahoma to participate in the study
- The Study has & continues to work with families in all 50 United States, Canada, Puerto Rico (Spanish-speaking recruiters are available), the US Virgin Islands, Jamaica, England
- All study contact is by phone, email, US Postal Service and FedEx

Your travel will involve getting to & from your local lab for your blood draw [Click here to learn](#)
