As a nonprofit organization, one of the most difficult challenges we face every day is getting our message of hope out to those who need it most. Without the support of people like you we would not be able to:

- Continue educating the public and our healthcare professionals about early diagnosis and treatment.
- Provide assistance and support to our friends and family living with lupus.
- Find a Cure!

ways to ensure that lupus patients have hope for years to come is to remember LFSC in your will. If you're not sure how to do this, but would like some information, contact the Foundation and we can help you.

- Sponsorship – Throughout the year we have fundraising events where sponsorship are available. Contact the LFSC office for more information and upcoming dates.

For those of you who are a part of the **Combined Federal Campaign (CFC)** please be advised that the campaign period begins on September 1 and ends on December 15 each year.

The Lupus Foundation of Southern California's CFC number is

15575

The payroll deduction method has many advantages.

It is efficient: Workplace giving campaigns are the most cost-effective method to raise funds for charity, and most of what is collected from Federal donors reaches the designated groups. This is an easy way to make a donation to help the LFSC continue its programs and services for the people locally.

It is also easy: Donors find workplace giving a simple, convenient way to support the charities they care about.

The CFC has been around for over four decades. Each year, tens of thousands of charities apply to participate. Only those that meet strict standards of eligibility are admitted. The LFSC has been part of CFC since 1995.
