Chris is the author of Life Interrupted, a book

about his real-life experience from when he was

stricken with multiple sclerosis in the prime of his life.

The awareness, knowledge, and understanding you

will gather from this event will help make you aware

of the common relationship pitfalls the disabled

experience and how to avoid them.

Chris's message has helped many live in harmony

with their condition and loved ones, and we are in hopes it has the same impact on you.

It is our pleasure to help you weave through
